TETHERING

NEW NEOTECH

Have more control of your dog on your walk in DOOG’s new Neotech heavy-duty harness.

Designed for stronger dogs who need a tougher harness for more control on a walk & for dogs with a tendency to pull, these heavy-duty harnesses have 2 attachment points for the leash.

Use the front D-ring on the chest to attach your leash to control pulling or use the D-ring on the back for a regular, casual dog walk.

Made from heavy-duty, reflective nylon for strength & visibility and padded with breathable mesh for extra comfort.

MINI WALKIE BELT

The DOOG Mini was designed as a smaller, more compact version of the original walkie belt. It holds your dog walking and running essentials neatly and tightly around your waist while you exercise.

The front pocket holds pick up bags while the back pocket fits most sized phones, a credit card or small amount of cash and a house key.

The elastic waistband makes it ideal for running as it doesn't bounce up and down while you exercise.

For those who don't like carrying a bag or belt on their dog walk and just want something to hold their poop bags securely, the DOOG Walkie Pouch is the answer.

This handy, lightweight pouch comes with 20 eco-friendly DOOG pick up bags (refills available) that pull out like tissues from a little hole at the front. The Walkie Pouch clips easily onto the handle of your leash so you never get caught out in an embarrassing moment with your dog (we've all had them).
